

MAUS Stixx Pro

MAUS Stixx Pro is an award-winning automatic fire protection device that revolutionises fire safety. This innovative appliance douses fires before they can even get started, making it a must-have for homes, RVs, boats, and other areas prone to electrical fires. Ensure the safety of your loved ones and your properties with the MAUS Stixx Pro.

- Quick Fire Response
- No Electricity, Pressure or Cables Needed
- 10-Second Installation
- 5 Years of Fire Protection
- No Maintenance Required

Quick Fire Response

The MAUS Stixx Pro is designed to respond rapidly to fires. It detects heat up to 180°C, activating instantly to act against potential fire incidents. Engineered with advanced technology, it sends out a non-toxic and environmentally friendly potassium-based aerosol to quell the fire immediately.

No Electricity, Pressure or Cables Needed

Set aside your worries about complicated wiring systems or power requirements with conventional fire safety devices. The MAUS Stixx Pro requires no electricity, pressure, or cables, making its operation easy and hassle-free.

10-Second Installation

The time taken to install fire safety devices can often be a burden. With MAUS Stixx Pro, that's no longer a problem. It promises an easy, ten-second installation process, enabling swift fire protection in your spaces.

5 Years Of Fire Protection

Enjoy long-term peace of mind with MAUS Stixx Pro. Once installed, this automatic fire protection device delivers consistent, maintenance-free service for up to five years.

No Maintenance Required

Keeping fire safety devices in check often requires regular maintenance. With the MAUS Stixx Pro, you can eradicate the need for constant upkeep. This device requires no maintenance, further enhancing its convenience and usability.

Package Includes

- Instruction manual
