Baseus Silicone case for iPhone 11 Pro Max - Black

Baseus liquid silicone case for iPhone 11 Pro Max
Protect your iPhone 11 Pro Max without hiding its design or adding unnecessary bulk. This Baseus liquid silicone case combines a slim, translucent finish with a secure grip, raised camera protection and comfortable button covers for everyday use.

- Soft liquid silicone
- Slim design with a secure grip
- Raised camera protection
- Fingerprint and scratch resistance
- Easy-to-press button covers

Soft liquid silicone
Enjoy a smooth, comfortable feel every time you pick up your phone. Made from soft liquid silicone of the type used in baby pacifiers, the case is odourless and comfortable to hold throughout the day.

Slim design with a secure grip
A snug, wraparound fit protects your iPhone 11 Pro Max without unnecessary bulk. Curved edges and a grippy silicone surface help you keep a secure hold, while the translucent finish lets your phone's design show through.

Raised camera protection
Place your phone down with added protection for the camera lenses. The raised edge around the camera helps keep them from touching flat surfaces, without compromising the case's slim profile.

Fingerprint and scratch resistance
Keep your case looking clean with a fingerprint-resistant finish that helps reduce visible marks. The scratch-resistant surface and wraparound design help protect against everyday wear.

Easy-to-press button covers
Adjust the volume and use the side button comfortably while keeping them covered. Softened silicone around the buttons makes them easy to press without removing the case.
