Baseus Silicone case for iPhone 11 Pro - White

Baseus Silicone Case for iPhone 11 Pro
Protect your iPhone 11 Pro with a slim, comfortable case made from food-grade liquid silicone. The Baseus silicone case combines raised camera protection with a fingerprint-resistant finish, while its translucent design keeps your phone visible.

- Food-grade liquid silicone
- Raised camera protection
- Fingerprint and scratch resistance
- Slim fit with responsive button covers
- Translucent finish

Food-grade liquid silicone
Made from the type of liquid silicone used in baby pacifiers, this case is soft, odourless and comfortable to hold. Its silky surface gives your phone a smooth feel in your hand.

- Raised camera protection
- A raised edge around the camera helps protect the lenses from contact with surfaces when you set your phone down.

Fingerprint and scratch resistance
The fingerprint-resistant surface helps keep your case looking clean during everyday use. Its scratch-resistant finish also helps protect against daily wear.

Slim fit with responsive button covers
The case fits snugly around your iPhone 11 Pro, covering its edges without adding unnecessary bulk. Softened button covers make the controls comfortable to press while helping protect them from scratches and bumps.

Translucent finish
Let your phone’s design show through. The translucent case keeps the appearance of your iPhone visible while adding a protective layer.
