Baseus Whirlwind - Wireless QI charger with fan - Silver

Baseus Whirlwind wireless Qi charger with fan, 10 W and USB-C for smartphones with Qi support and automatic shutoff
Charge your Qi compatible smartphone without connecting a cable to your phone. The Baseus Whirlwind delivers up to 10 W of wireless charging power, with a built-in cooling fan and automatic shutoff when charging is complete. Simply place your phone on the charger, even with a compatible case fitted.

- Wireless fast charging up to 10 W
- Built-in fan for cooling during charging
- Charge without removing your case
- Automatic power adjustment for your phone
- Automatic shutoff when fully charged

Wireless fast charging up to 10 W
Keep your phone ready for the day with wireless charging at up to 10 W. The Baseus Whirlwind supports Qi compatible smartphones, including iPhone 8, iPhone X and Samsung Galaxy S8 and S9 models. Charging speed depends on your phone's supported wireless charging capabilities.

Built-in fan for cooling during charging
The integrated fan helps dissipate heat while your phone charges. This cooling design helps manage heat buildup during everyday use.

Charge without removing your case
Place your phone on the charger without taking off its case. The Baseus Whirlwind supports charging through cases up to 0.8 mm thick, making charging more convenient.

Automatic power adjustment for your phone
Automatic device recognition adjusts charging power to suit the phone placed on the charger. This lets you charge different Qi compatible smartphones without manually changing settings.

Automatic shutoff when fully charged
The charger automatically switches off when your phone is fully charged. Combined with the built-in fan and automatic power adjustment, this supports safe, straightforward charging.

Package includes

- 1 x Baseus Whirlwind wireless Qi charger with fan - Silver
