Baseus Silicone case for iPhone 11 Pro - White

Protect your iPhone 11 Pro with a soft liquid silicone case that feels comfortable in your hand without adding bulk. Its fingerprint-resistant finish helps keep it looking clean, while the translucent design lets your phone's original appearance show through.

- Soft liquid silicone
- Fingerprint and scratch resistance
- All-round protection with raised camera edges
- Slim fit with a silky feel
- Translucent design

Soft liquid silicone
Made from the type of liquid silicone used in baby pacifiers, this case is soft and odourless. The flexible material fits snugly around your iPhone 11 Pro for comfortable everyday use.

Fingerprint and scratch resistance
The fingerprint-resistant surface helps reduce visible marks, while the scratch-resistant finish helps the case stay looking good through daily handling.

All-round protection with raised camera edges
The wraparound design protects the back and edges of your phone, with raised edges around the camera for added lens protection. Soft button covers help protect against scratches and bumps while keeping the buttons easy to press.

Slim fit with a silky feel
Enjoy a smooth, comfortable grip without unnecessary bulk. The slim profile follows the shape of your phone, making it comfortable to hold and use throughout the day.

Translucent design
Let your iPhone's original appearance remain visible through the translucent case. The design adds a protective layer without completely hiding the phone beneath it.
