- Full-grain vegetable-tanned leather that develops a rich patina

Slim profile, fully wrapped in leather
The Mujjo Leather Case for iPhone 11 Pro Max is fully wrapped in premium full-grain leather and closely follows your phone's contours. It provides everyday protection without unnecessary bulk, while the leather feels warm in your hand and offers a secure grip.

Soft microfiber lining for interior protection
The interior is lined with thin, strong and lightweight Japanese microfiber. This soft, satin-like fabric gently cushions your iPhone to help protect its glass and aluminium surfaces from scratches and minor impacts. The smooth lining also makes it easy to slide your phone into the case.

Responsive leather-covered buttons and neatly tapered openings
The volume and power buttons are fully covered in leather for a clean finish. Their profiles have been optimised and tested to maintain crisp, tactile feedback in everyday use. Gently tapered openings around the camera and mute switch provide easy access and blend neatly into the design.

Raised leather bezel to help protect the screen
The leather edge rises approximately 1 mm above the glass, helping to keep abrasive surfaces away from the screen when you place your phone face down. This subtle bezel adds protection without adding bulk or disrupting the case's clean lines.

Full-grain vegetable-tanned leather that develops a rich patina
Made from Mujjo’s signature full-grain, vegetable-tanned leather, the case gradually develops a unique patina with everyday use. Marks, scratches and handling add character as the colour deepens and the finish becomes richer, creating an appearance that reflects how you use and carry your iPhone.
