

Pipetto iPhone 12 Mini Case 2-in-1 Stand - Dark Blue Dark blue

Pipetto Origami Snap Case with 2-in-1 Stand Function and Shock Protection for iPhone 12 Mini is designed to do more than just protect your phone. It transforms your iPhone 12 Mini into a hands-free viewing, calling and browsing companion. Thoughtfully engineered and rigorously tested, it is a premium everyday case that feels as good to use as it looks.

- 2-in-1 stand function for hands-free use
- Shock-absorbent TPU bumper for advanced drop protection
- Raised edge design that works perfectly with glass screen protectors
- Easy to clean materials
- Fully compatible with both wireless and wired charging

2-in-1 stand function for hands-free use

The Origami Snap Case is built around a clever folding stand design that gives you two distinct viewing angles in one slim case. Use the stand in an upright position for hands-free FaceTime calls or video meetings, or switch to the more reclined angle for watching videos in bed, on the sofa or on a desk. Both positions are engineered to be stable even on soft surfaces, so you can enjoy your favourite apps, streaming services and games without having to hold your phone.

Shock-absorbent TPU bumper for advanced drop protection

To protect your iPhone 12 Mini from everyday bumps and drops, the case uses an incredibly shock-absorbent TPU bumper that wraps around both the sides of the phone and the screen area. This cushioned edge is designed to absorb and disperse impact forces before they reach your device, helping to keep the aluminium frame and glass panels safe in real-world use. It delivers serious protection without adding unnecessary bulk, so your phone remains comfortable to hold and slip into a pocket or bag.

Raised edge design that works perfectly with glass screen protectors

The raised edge around the screen is precisely engineered to sit perfectly flush with a glass screen protector. This means you can add an additional layer of glass protection without creating awkward ridges or catching points around the edge of your display. The result is a smooth, continuous surface that looks clean and feels natural when you swipe from the edge of the screen, while still helping to protect the display from face-down drops and scratches.

Easy to clean material

The case is engineered with a premium, easy-to-clean material that keeps your phone looking fresh with minimal effort. Its smooth, resilient surface resists everyday grime and wipes clean in seconds, maintaining a polished appearance no matter how often you handle it. Built to retain its performance for the life of the case, it delivers long-lasting cleanliness and dependable convenience.

Fully compatible with both wireless and wired charging

Despite its protective bumper and built-in stand, the case is fully compatible with both wireless and wired charging. You can drop your iPhone 12 Mini onto your wireless charger without needing to remove the case, or plug in a cable as usual when you need the fastest possible charge. Every cut-out and contour has been designed to keep ports, speakers and buttons easily accessible, so your daily use of the phone remains effortless.

Package includes

- Pipetto Origami Snap Case with 2-in-1 Stand Function and Shock Protection for iPhone 12 Mini - Dark Blue
