

Just Mobile Xkin Tempered Glass for iPhone 12 Pro Max delivers premium, everyday screen protection without sacrificing clarity or touch response. With ultra-tough 9H hardness, a smudge-resistant coating, and a precision fit, it keeps your display looking pristine and feeling smooth from day one.

- 9H tempered glass protection
- HD clarity with oleophobic coating
- Resistant to scratches, oil, water, and fingerprints
- Easy application and easy cleaning
- Rounded edges and precision sensor cutouts

9H tempered glass protection

Engineered with a 9H hardness rating, Xkin Tempered Glass shields your iPhone 12 Pro Max display from keys, coins, and daily wear. The toughened glass absorbs impacts and resists scratches, helping your screen stay flawless longer.

HD clarity with oleophobic coating

Enjoy vibrant colors and sharp detail. The high-transparency glass preserves true-to-life display quality, while an oleophobic coating minimizes smudges and makes wipe-downs effortless, keeping your view crisp throughout the day.

Resistant to scratches, oil, water, and fingerprints

A multi-layer protective finish fights off everyday nuisances. From micro-abrasions to oily fingerprints and moisture, the surface resists build-up and marks so your screen stays cleaner, clearer, and more reliable.

Easy application and easy cleaning

Designed for a quick, bubble-minimized install, Xkin goes on smoothly and stays secure. Ongoing care is just as simple: a quick wipe restores a like-new look, making maintenance fast and frustration-free.

Rounded edges and precision sensor cutouts

Rounded edges enhance comfort and reduce edge chipping, while laser-precise cutouts ensure full compatibility with front-facing sensors and cameras. You get seamless protection that never interferes with Face ID or essential functions.
