Holds up to three cards
Carry your essential cards in a wallet designed to keep them secure and easy to access. Retrieve a card from the top, base or back of the wallet, whichever feels most natural.

MagSafe compatible with iPhone 12–18 and MagSafe cases
The wallet snaps directly onto MagSafe-enabled iPhone 12–18 models and works with MagSafe-compatible cases. For Mujjo cases, it is compatible with MagSafe cases for iPhone 14-18, but not with Mujjo cases for iPhone 12 and 13.

Premium Velore leather tanned with water-free DriTan technology
Made from premium Danish calfskin, the wallet develops a distinctive patina over time. DriTan technology uses no water during tanning, reducing environmental impact while preserving the leather's natural character.

Ultra-soft Japanese microfibre lining
The smooth Japanese microfibre lining protects your cards from scuffs and helps preserve their edges, while allowing them to slide easily in and out.

Silicone grip stripes for a secure hold and easy attachment
Discreet silicone stripes improve grip and stability without adding bulk. The wallet is easy to attach and detach, with a secure hold as you move.
