Keeps your phone and essential cards together
The integrated leather pocket on the back holds 2 to 3 bank, ID or travel cards, reducing the need for a separate wallet. The snug fit keeps your cards secure and easy to access.

Premium Ecco leather that develops a natural patina
Crafted from vegetable-tanned Ecco leather sourced from the Netherlands, the case develops a rich patina over time. The leather is Gold rated by the Leather Working Group for environmental production standards.

Ultra-slim profile with a secure grip
The case follows the contours of the iPhone 14 Pro Max for a close, understated fit. Fully wrapped in leather, it improves grip while keeping bulk to a minimum, so your phone feels secure in your hand and fits comfortably in your pocket. Neatly finished edges complement the minimalist design.

Raised edges help protect the screen and camera
A raised leather bezel of approximately 1 mm helps keep the screen away from abrasive surfaces when the phone is placed face down. A raised edge around the rear camera helps protect the protruding lenses from scratches and direct impact. The base is also covered for added protection, while the speakers and charging port remain unobstructed.

Soft Japanese microfibre lining
The interior is lined with premium Japanese microfibre, a soft, satin-like material that is strong and exceptionally lightweight. It cushions the back of your iPhone 14 Pro Max and helps prevent micro-scratches.
