Mujjo Slim Ecco Leather Case with MagSafe for iPhone 14 Pro Max - Monaco blue

Designed for the iPhone 14 Pro Max, this Mujjo case combines refined design with everyday protection. Vegetable-tanned Ecco leather develops a distinctive patina with use, while built-in MagSafe adds everyday convenience.

- Premium vegetable-tanned Ecco leather that develops a rich patina
- Integrated MagSafe for fast wireless charging and accessories
- Slim profile with raised edges to protect the screen and camera
- Machined metal buttons for precise, tactile control
- Soft Japanese microfibre lining to cushion and protect your iPhone

Premium vegetable-tanned Ecco leather that develops a rich patina
The case is wrapped in durable, high-quality vegetable-tanned Ecco leather from the Netherlands, rated Gold by the Leather Working Group for environmental standards. The leather develops a unique patina over time, reflecting your daily use. Available in Tan, Black and Monaco Blue, the case gives your iPhone 14 Pro Max a refined finish.

Integrated MagSafe for fast wireless charging and accessories
Built-in magnets let you charge wirelessly with MagSafe without removing the case. They are precisely aligned for a secure connection to MagSafe chargers and accessories, including wallets and mounts, and support fast wireless charging.

Slim profile with raised edges to protect the screen and camera
The case follows the contours of the iPhone 14 Pro Max for a slim profile and a comfortable, secure feel in your hand. A leather bezel rises approximately 1 mm above the display edge to help keep abrasive surfaces away from the screen. A raised edge around the rear camera protects the protruding lenses, while the covered base adds protection without blocking the speakers or charging port.

Machined metal buttons for precise, tactile control
Machined metal side buttons provide crisp, tactile feedback for responsive volume and power control. Each button is dyed to match the leather colour, complementing Mujjo's clean, minimalist design.

Soft Japanese microfibre lining to cushion and protect your iPhone
The interior is lined with premium Japanese microfibre, a strong, lightweight fabric with a satin-like finish. It provides soft, padded protection against scratches and minor impacts. The rigid structure, soft lining and full leather wrap help protect your iPhone without unnecessary bulk.

Package includes

- Mujjo Leather Case with MagSafe for iPhone 14 Pro Max - Monaco Blue
