

Give your iPhone 14 Pro a sleek, secure upgrade. The Just Mobile TENC Silicone Case wraps your phone in slim, grippy style while delivering serious protection thanks to a unique 4-layer build, raised edges where it matters most, and seamless MagSafe compatibility.

- TENC technology that protects for real
- Four-layer protection and comfort
- Slim, grip-friendly design
- Fully compatible with MagSafe and wireless charging
- Raised 1 mm edges to safeguard screen and camera

TENC technology that protects for real

Built on Just Mobile's proven TENC concept, this case is engineered for everyday protection without bulk. From accidental drops to bumps in your bag, the TENC approach prioritizes real-world performance, durability, and a great in-hand feel.

Four-layer protection and comfort

Inside is a soft microfiber lining that cushions your phone, followed by a protective hard PCP shell for structure, then super-soft silicone for shock absorption, all topped with a firmer, grip-friendly silicone exterior. Together, these four layers deliver comfortable handling and dependable impact defense.

Slim, grip-friendly design

Keep your iPhone 14 Pro pocket-ready without sacrificing protection. The slim silhouette is complemented by a high-traction outer layer for a confident grip. Covered buttons feature deep cutouts that preserve the original click feel, and precise openings keep ports and speakers unobstructed.

Fully compatible with MagSafe and wireless charging

Snap on your MagSafe charger and accessories with confidence. The case is fully compatible with MagSafe and supports standard Qi wireless charging, so you can power up and accessorize without removing the case.

Raised 1 mm edges to safeguard screen and camera

A thoughtfully designed 1 mm raised lip around both the display and camera array helps keep delicate glass off rough surfaces. Set your phone face down or on its back with extra peace of mind.

Package includes

- 1 x Just Mobile TENC Silicone Case - Dark Green
