Wallet Functionality

The Full Leather Wallet Case isn't just a pretty face; it serves a purpose, too. The built-in leather card pocket can confidently hold 2-3 of your bank, ID, or travel cards, effectively turning your iPhone into your wallet. Now you can carry less and do more efficiently.

Premium Eco Leather

Our Full Leather Wallet Case is crafted using premium Dutch Eco leather that's vegetable-tanned and gold-rated for environmental standards. Resistant to wear and tear, this material develops a beautiful patina, ensuring your case matures attractively.

Enhanced Protection

The Wallet Case boasts an array of protective features. A raised bump around the rear camera protects the protruding lenses, while the leather bezel shields the screen from abrasive surfaces. The device's base is also neatly covered without obstructing the speakers or charging port, delivering complete protection.

Machined Metal Buttons

For a smooth usage experience, the side buttons are machined from metal to provide optimal responsiveness and extra clickiness. Dyed to match the leather colour, these buttons contribute to the minimalist aesthetic of the case while keeping your device responsive.

Japanese Microfibre Lining

Inside the case, the finest Japanese microfibre lines the interior. This remarkably strong yet lightweight fabric provides luxurious padded comfort to your iPhone, keeping it safe and secure.
