Holds your three most-used cards

Streamline your everyday carry with space for the essentials. The wallet is purpose-built to store up to three cards securely while keeping them instantly accessible. Retrieve a card from the top, base, or back—whichever feels natural in the moment.

MagSafe compatible with iPhone 12–17 and MagSafe cases

Engineered for a seamless snap-on experience with all MagSafe-enabled iPhones and accessories. It works directly on iPhones 12–17 and with MagSafe-compatible cases for a reliable hold you can trust throughout the day.

Premium Velore leather tanned with water-free DriTan technology

Made from Danish calfskin that looks and feels luxurious from day one and develops a rich, personal patina over time. The DriTan process uses no water in tanning, reducing environmental impact while preserving a natural leather character.

Ultra-soft Japanese microfibre lining

A satin-smooth microfibre interior protects your cards and adds a touch of everyday luxury. It prevents scuffs, keeps edges pristine, and makes sliding cards in and out feel effortlessly smooth.

Silicone grip stripes for reliable, effortless attachment

Discreet silicone stripes enhance magnetic hold and stability without bulk. Attach and detach with ease, confident your wallet stays put as you move.
