

Introducing the Monarch Pro iPhone 16 Pro Max Case, a rugged and stylish all-terrain protective case with seamless MagSafe functionality. Crafted for the toughest environments, the Monarch Pro combines unrivaled protection with premium materials to keep your device safe and powered up wherever you go.

- Crafted with Premium Materials
- Advanced MagSafe Compatibility
- Maximum Drop Protection
- Enhanced User Experience
- Versatile Attachment Options

Crafted with Premium Materials

The Monarch Pro's construction comprises five layers of advanced protection, ensuring durability and style. The core absorbs impacts, while the signature armor frame – available in top-grain leather or carbon fiber – offers enhanced strength and a distinctive look. The polycarbonate shear plate resists scratches, dents, and everyday wear, and the impact-resistant rubber surround adds extra cushioning against bumps and shocks.

Advanced MagSafe Compatibility

Our built-in magnet module allows for effortless wireless charging and full Apple Pay compatibility. The Monarch Pro is optimized for use with MagSafe wireless chargers and magnetic accessories, ensuring your iPhone 16 Pro remains charged and ready for any adventure.

Maximum Drop Protection

Independently tested to withstand drops of up to 7.6 meters, the Monarch Pro exceeds military standards for drop protection (2X MIL-SPEC 810G-516.6). This makes it the ideal case for those who need robust protection without compromising on style.

Enhanced User Experience

Featuring contoured perimeter edges, the Monarch Pro ensures a secure anti-slip grip for easy handling. Oversized tactile buttons provide a precise, crisp click-feel, making it easy to use your device in any situation, from daily commutes to outdoor expeditions.

Versatile Attachment Options

The Monarch Pro also includes integrated lanyard anchor points (lanyard not included) for added convenience and security. These points allow you to easily attach lanyards or other accessories, giving you more versatility in how you carry and use your device.

Package includes
