- Soft Japanese microfibre lining
- Hidden spring keeps cards secure

**Holds up to 5 cards**
Keep your essentials organised with room for up to 5 cards: three in the outside pocket and two inside.

**Folds out into a stand**
The wallet unfolds to support your iPhone in portrait or landscape orientation for hands-free viewing, whether you are following a presentation or watching your favourite TV show.

**Premium Velore leather**
Velore leather is made from fine-grain calfskin tanned using water-free DriTan technology. Soft to the touch, it ages gracefully with use. The tanning process makes it a more sustainable choice.

The interior is lined with soft, satin-like Japanese microfibre to cushion and protect your cards.

**Hidden spring keeps cards secure**
A hidden spring mechanism in the outside pocket holds your cards securely in place, even when the wallet is open.
