### **MagSafe ready with strong magnetic alignment**

Built-in magnetic components create a secure, precise lock with MagSafe chargers, wallets, and mounts. Enjoy faster, hassle-free snap-on charging and stable accessory attachment, all while keeping your iPhone protected.

### **Rugged drop protection in a slim, lightweight build**

UAG's Plyo architecture blends impact-resistant materials with shock-absorbing corners to help defend against everyday drops and bumps. The slim profile slides easily into pockets and bags, delivering serious protection without the bulk.

### **Ice/Silver design that shows off your iPhone**

The translucent finish shifts from Ice/Silver to highlight your device's original look with a modern, minimalist gradient. It's a refined style that complements your phone rather than covering it up.

### **Scratch-resistant, grippy materials for everyday carry**

Durable, scratch-resistant surfaces help keep your case looking fresh, while a textured, non-slip grip gives you more confidence in one-handed use, commutes, and workouts.

### **Raised edges for enhanced screen and camera protection**

A thoughtfully elevated bezel surrounds the display and camera array to help reduce contact with surfaces when placed face down or set on a table, adding an extra layer of day-to-day defense.
