- Available in timeless grey color

Exclusive wallet case with card pocket for stylish convenience

The Mujjo 80 Leather Wallet Case is designed for a seamless lifestyle upgrade. The cleverly crafted card pocket holds up to three standard-sized credit cards, meaning you can leave your wallet at home while keeping your essentials close. Combining exceptional practicality with an elegant design, this case allows you to carry your cards in style.

Made from premium natural leather with soft suede lining

Made with the finest natural leather on the outside and soft suede on the interior, this wallet case is designed to pamper your iPhone 6/6s Plus. The natural leather's waxed surface not only offers a touch of luxury but also ensures its durability while the internal suede prevents scratches and bumps, safeguarding your phone with every use.

Offers maximum protection with refined craftsmanship

Mujjo's Leather Wallet Case is crafted with attention to detail to provide unbeatable protection for your device while maintaining a sophisticated appeal. From the precise finishings to the carefully chosen materials, every aspect of this case is thoughtfully designed to offer the ultimate quality feel and to shield your iPhone from everyday wear and tear.

Slim design that enhances your phone while aging beautifully

Soft, fragrant, and waxed to perfection, the natural leather not only elevates your device's look but also improves in appearance over time. As the leather ages, it will develop a unique patina, becoming even shinier and more beautiful with use. Despite its robust material, the case maintains a slim profile that complements the sleek design of your iPhone 6/6s Plus perfectly.

Available in timeless grey color

The Wallet Case is offered in grey and makes it suitable for every environment, whether you're headed to the office or enjoying a casual outing.
