Baseus Wing Case for the iPhone X/XS Max - White

Keep your iPhone protected without hiding its design. The Baseus Wing Case combines an ultra-thin profile with a translucent matte finish, flexible polypropylene and reinforced corners. It follows your phone’s contours while keeping ports and controls freely accessible.

- Ultra-thin and lightweight
- Translucent matte finish that resists fingerprints
- Flexible polypropylene that resists yellowing
- Everyday protection with reinforced corners
- Contoured fit with easy access to ports and controls

Ultra-thin and lightweight
Add protection without unnecessary bulk. The slim, lightweight design keeps your iPhone comfortable to hold and easy to carry, while preserving its original shape.

Translucent matte finish that resists fingerprints
Let your phone’s design show through. The semi-transparent finish has a finely textured surface that feels pleasant to the touch and helps keep visible fingerprints to a minimum.

Flexible polypropylene that resists yellowing
Made from flexible, wear-resistant polypropylene, the Wing Case is designed for daily use. The material resists yellowing over time, helping the case maintain its appearance.

Everyday protection with reinforced corners
Help protect your iPhone from scratches, scuffs, dust and dirt. Reinforced corners provide added protection in exposed areas, while a raised edge around the camera helps shield it from contact with flat surfaces.

Contoured fit with easy access to ports and controls
The case follows the contours of the compatible iPhone model, leaving ports and controls accessible. Choose the version made for your iPhone X, XS or XS Max to ensure the correct fit.

Package includes
