Just Mobile Xkin 3D Tempered Glass for iPhone XS Max - Black border

Keep your iPhone XS Max looking flawless with Just Mobile Xkin 3D Tempered Glass. This ultra-thin, ultra-tough screen protector delivers full edge-to-edge coverage, crisp HD clarity, and a smooth, responsive touch while resisting scratches, smudges, oil, and water. Designed with precision laser cutouts, it protects without getting in the way.

- 9H tempered glass for superior scratch protection
- Full edge-to-edge coverage with silk black border
- HD clarity with smooth, responsive touch
- Oil, water, and fingerprint resistant coating
- Precision laser-cut openings for sensors

9H tempered glass for superior scratch protection
Built from premium tempered glass with a 9H hardness rating, Xkin 3D shrugs off everyday wear from keys, coins, and grit. It forms a durable shield that helps keep your display free from scratches and scuffs, preserving both looks and resale value.

Full edge-to-edge coverage with silk black border
Engineered for true full-screen coverage, this protector wraps from edge to edge, including the iPhone's curved display area. The silk black border blends seamlessly with your device for a clean, integrated look and comfortable feel.

HD clarity with smooth, responsive touch
Enjoy razor-sharp visuals and true color with high-definition clarity. The naturally smooth glass surface maintains your screen's responsive touch performance, so swipes, taps, and gestures feel instant and precise.

Oil, water, and fingerprint resistant coating
An advanced oleophobic coating resists fingerprints, smudges, oils, and moisture. Your screen stays clearer for longer and wipes clean in a second, reducing maintenance throughout the day.

Precision laser-cut openings for sensors
Precision laser cutouts ensure perfect alignment for your iPhone's sensors and front camera. Everything works as intended, with no interference to Face ID, audio, or display performance.

Package includes

- Just Mobile Xkin 3D Tempered Glass for iPhone XS Max - Black
