Pipetto 2-in-1 Leather Case with Magnetic Folio for iPhone X/XS - Navy blue

Carry your iPhone, cards and cash in one beautifully designed, ultra-practical case. The Pipetto 2-in-1 Leather Case with Magnetic Folio for iPhone X/XS combines a slim protective shell with a handcrafted genuine leather wallet folio and powerful built-in magnets, giving you the freedom to switch instantly between a minimalist case and full wallet functionality. Enjoy magnetic mounting in your car or at home, while still using wireless charging, Apple Pay and contactless payments without compromise.

- 2-in-1 design: removable magnetic shell and leather wallet folio
- Compatible with wireless charging, Apple Pay and contactless payments
- Works seamlessly with magnetic car and wall mounts
- Genuine leather wallet with card, I.D. and cash storage
- Folds into a stable horizontal stand for hands-free viewing

2-in-1 design: removable magnetic shell and leather wallet folio
The core of this case is its flexible 2-in-1 construction. Your iPhone X/XS is held in a slim, protective PC shell with an integrated metal panel, giving you everyday drop and scratch protection without added bulk. When you want full wallet functionality, simply snap the shell into the magnetic leather folio to carry your phone, essential cards and cash together in one compact, organised package. When you prefer to travel light, detach the shell in seconds and use it on its own as a sleek, minimalist case.

Compatible with wireless charging, Apple Pay and contactless payments
Unlike many magnetic cases that interfere with wireless charging or contactless payments, this design has been carefully engineered to support both at the same time. The inner magnetic shell is one of the first of its kind to be fully compatible with Qi wireless charging while still allowing you to use Apple Pay and other contactless payment methods normally. There is no need to remove the case to charge your phone or tap to pay, keeping your daily routine simple and efficient.

Works seamlessly with magnetic car and wall mounts
The hidden internal metal panel in the shell lets you attach your iPhone X/XS directly to most magnetic car or wall mounts. Mount your phone on your dashboard for navigation, on the wall for hands-free FaceTime, or on any compatible magnetic surface for convenient viewing. The strong magnetic connection is designed to hold your device securely in place while still allowing quick attachment and removal, so you can move between hand-held and hands-free use in an instant.

Genuine leather wallet with card, I.D. and cash storage
The outer folio is handcrafted from 100% genuine leather, giving it a premium look and feel that ages beautifully over time. Inside, it is designed to replace a traditional wallet: two dedicated card slots keep your most-used cards close at hand, while a clear I.D. window offers quick access to your identification. An additional internal pocket provides space for extra cards, notes or receipts, helping you streamline what you carry every day without sacrificing organisation or style.

Folds into a stable horizontal stand for hands-free viewing
The rear fold of the leather folio allows the case to convert into a stable horizontal stand whenever you need hands-free viewing. This stand mode is ideal for watching videos, joining video calls or browsing on soft or unstable surfaces such as a bed, sofa or during your commute. The carefully designed fold provides a secure, balanced viewing angle so you can enjoy content comfortably without constantly readjusting your phone.

Package includes

- 1 Pipetto 2-in-1 Leather Case with Magnetic Folio for iPhone X/XS (genuine leather folio and removable magnetic PC shell) - Navy
