

Keep your iPhone 14 protected without compromising its original look. The Just Mobile TENC Slim Fit Case combines advanced TENC protection with an ultra-slim, crystal-clear design that hugs your phone tightly, supports MagSafe, and keeps your camera and buttons shielded day after day.

- TENC technology protection
- Ultra-slim 0.6 mm profile
- Crystal-clear finish preserves the original look
- Compatible with MagSafe and wireless charging
- Raised camera frame and covered buttons

TENC technology protection

Engineered with TENC technology, this case is built to protect for real. It disperses impact while resisting scratches and yellowing, giving you dependable everyday defense without adding bulk or sacrificing clarity.

Ultra-slim 0.6 mm profile

At just 0.6 millimeters thin, the Slim Fit lives up to its name. It wraps tightly around your iPhone for a barely-there feel that slides easily into pockets, all while delivering full-coverage protection where it matters.

Crystal-clear finish preserves the original look

Show off the design of your iPhone 14 with a crystal-clear case that stays transparent. The clean, minimal aesthetic keeps your phone looking like itself while adding everyday durability.

Compatible with MagSafe and wireless charging

Charge without removing your case. The Slim Fit is fully compatible with MagSafe accessories and works seamlessly with all standard wireless chargers, so your daily routine stays effortless.

Raised camera frame and covered buttons

A raised bezel around the camera safeguards your lenses against scratches on flat surfaces. Covered buttons feature deep cutouts to maintain a crisp, satisfying click, ensuring both protection and a premium feel.

Package Includes

- 1 x TENC Slim Fit Case, Frost
