Mujjo European Leather Case for iPhone 16 Pro Max with MagSafe - Green smoke

Mujjo's Leather Case for iPhone 16 Pro Max in Green Smoke combines premium European leather with recycled materials in a minimalist design. It offers durable protection, responsive metal buttons and MagSafe compatibility.

- Premium European leather
- Machined metal buttons
- Machined metal camera bump
- Japanese microfibre lining
- MagSafe compatible
- B Corp-certified brand

Premium European leather
Made from northern European hides, the leather is tanned in the Netherlands using the DriTan process, which reduces water waste and chemical use. Durable and refined, it develops a unique patina over time, adding character to your case.

Machined metal buttons
The machined metal side buttons provide a responsive, satisfying click and are dyed to match the Green Smoke leather. The case includes a mute button and a one-piece volume button.

Machined metal camera bump
A machined recycled aluminium camera bump protects the rear camera lenses against bumps and scratches while adding durability to an area where leather can be damaged.

Japanese microfibre lining
The interior is lined with premium Japanese microfibre. Thin, soft and lightweight, this recycled fabric has a satin-like finish and provides cushioned protection for your iPhone 16 Pro Max.

MagSafe compatible
Built-in magnetic technology supports fast wireless charging and compatibility with all MagSafe accessories.

Recycled materials
As a B Corp-certified company, Mujjo continues to look for ways to improve sustainability. These iPhone cases use recycled materials in the metal buttons, camera bump, microfibre lining and polycarbonate shell beneath the leather.

Package includes
