Mujjo Full Leather Case for iPhone XS Max with Microfiber Lining - Blue

The Mujjo Full Leather Case for iPhone XS Max follows the phone's contours for a slim, protective fit. Its fully leather-wrapped exterior feels soft to the touch, while the vegetable-tanned leather develops character with use.

- Slim, fully leather-wrapped design tailored to iPhone XS Max
- Full-grain vegetable-tanned leather that develops a distinctive patina
- Responsive leather-covered buttons and neatly finished camera and mute switch openings
- Raised edges for added screen and camera protection
- Soft Japanese microfiber lining with a satin-like finish

Slim, fully leather-wrapped design tailored to iPhone XS Max
The case closely follows the contours of iPhone XS Max for a clean, minimal look. Its exterior is fully wrapped in premium leather for a consistent finish, with a slim profile that slips easily into a pocket or bag.

Full-grain vegetable-tanned leather that develops a distinctive patina
Mujjo's signature leather is selected for its quality, softness and durability. Its natural grain is preserved, while vegetable tanning and aniline oil treatment enrich the colour. Over time, the leather softens and develops a unique patina that reflects how you use your case.

Responsive leather-covered buttons and neatly finished camera and mute switch openings
The volume and power buttons are fully covered in leather for a smooth, continuous finish. Their optimised profile keeps them responsive and easy to press. An inward-curving leather chamfer neatly finishes the camera and mute switch openings, providing easy access to the switch while keeping the camera within the protective edge.

Raised edges for added screen and camera protection
The case helps protect your iPhone XS Max from everyday wear without unnecessary bulk. The leather extends approximately 1 millimetre above the glass, helping keep the screen clear of abrasive surfaces when the phone is placed face down. A raised edge around the camera also helps protect it from surface contact.

Soft Japanese microfiber lining with a satin-like finish
The interior is lined with fine Japanese microfiber: a strong, lightweight material with a satin-like finish. This slim, padded lining cushions your iPhone XS Max and helps protect its back and sides from scratches and scuffs. Together with the case's rigid structure, it provides a soft, secure fit.

Package includes

- Mujjo Full Leather Case for iPhone XS Max - Blue
