Mujjo Full Leather Case for iPhone XS Max with Microfiber Lining - Olive Green Olive Green

The Mujjo Full Leather Case for iPhone XS Max follows your phone's contours with a slim, fully leather-wrapped design. Made from vegetable-tanned full-grain leather, it offers everyday protection and a soft feel, developing a distinctive patina over time.

- Slim, fully leather-wrapped design that follows the contours of iPhone XS Max
- Vegetable-tanned full-grain leather that develops a unique patina
- Responsive leather-covered buttons and refined camera detailing
- Raised bezel for added screen and camera protection
- Soft Japanese microfiber lining with a satin-like finish

Slim, fully leather-wrapped design that follows the contours of iPhone XS Max
The case's fully leather-wrapped exterior creates a clean, seamless look. Its slim profile fits easily into a pocket or bag while preserving your phone's shape.

Vegetable-tanned full-grain leather that develops a unique patina
Mujjo's signature leather is selected for its quality, soft feel and durability. The tanning process preserves the natural grain, while treatment with aniline oil enriches the colour. With use, the leather softens and develops a unique patina, giving each case its own character.

Responsive leather-covered buttons and refined camera detailing
The volume and power buttons are fully covered in leather for a consistent finish. Their optimised profile keeps them responsive and easy to press. An inward-curving leather chamfer around the camera and mute switch provides a neat finish, allows easy access to the switch and frames the camera within the protective edge.

Raised bezel for added screen and camera protection
The case helps protect your iPhone XS Max from everyday wear without unnecessary bulk. The leather extends approximately 1 millimetre above the edge of the glass to help keep the screen clear of abrasive surfaces when the phone is placed face down. A protective edge around the camera also helps prevent contact with surfaces.

Soft Japanese microfiber lining with a satin-like finish
The interior is lined with fine Japanese microfiber that is strong, lightweight and soft to the touch. The lining has a satin-like finish and cushions your iPhone XS Max, helping protect the back and sides from scratches and scuffs. Its slim padding works with the case's rigid structure to hold your phone securely.

Package includes

- Mujjo Full Leather Case for iPhone XS Max - Olive Green
