Gold-rated Eco leather
Made from durable, vegetable-tanned Eco leather sourced from the Netherlands, the case develops a rich colour and distinctive patina over time. The leather is gold-rated and meets the highest environmental standards.

MagSafe technology
Built-in MagSafe technology supports quick, easy wireless charging and compatibility with MagSafe accessories. Machined metal buttons match the leather's colour and provide responsive control.

Raised leather bezel for screen protection
A 1 mm raised leather bezel helps protect your screen from scratches by keeping it clear of abrasive surfaces.

Raised camera surround for lens protection
A raised edge around the camera helps protect the lenses from contact with surfaces and everyday wear.

Ultra-slim, lightweight design
Fully wrapped in premium leather, the case keeps your phone's profile slim and adds minimal weight.
