

Discover Mujjo's iPhone 15 Pro Wallet Leather Case in a stunning Monaco Blue hue. Crafted from superior northern European hides, this exquisite case represents the epitome of refined aesthetics and innovative construction. With its slender profile, recycled metal features, and Japanese microfibre lining, this case is designed to age gracefully while providing enhanced protection and an unmatched tactile experience for your new iPhone 15 Pro.

- Designed with a new Metal Camera Bump
- Constructed using Premium European Leather
- Features More Recycled Materials
- Equipped with machined metal Buttons
- Lined with Japanese Microfibre and Compatible with MagSafe

Innovative Metal Camera Bump Protection

The camera of your iPhone 15 Pro deserves exceptional care. That's why we've integrated a new, machined aluminium camera bump into our leather case design. This innovative feature visually complements the case creating an upscale look and feel while providing solid protection for your rear-camera lenses.

Premium European Leather

The quality of the material defines the overall aesthetic and longevity of an accessory. Our Mujjo leather case is crafted from high-grade northern European hides. The environmentally-friendly DriTan process is used to tan the leather, developing an individual patina over time. This refined leather is recognized by the Leather Working Group for its excellent environmental standards.

Sustainability through Recycled Materials

At Mujjo, maintaining our B Corporation certification by using recycled materials is paramount. The genuine metal buttons and camera bump, as well as the extremely soft microfibre lining of our iPhone case, are all made from recycled materials. Furthermore, the leather is meticulously wrapped around a recycled polycarbonate shell, adding to the case's sustainability.

Impressive Machined-Metal Buttons

We designed our case with detailed attention, creating machined-metal buttons for unrivaled clickiness. Dyed to match the leather color, these metal buttons enhance the minimalist aesthetic of the case and complement the design of your iPhone 15 Pro.

Luxurious Japanese Microfibre Lining

Encasing your iPhone in our case introduces your device to luxury. The interior of the case is lined with a japonica microfibre, a super-strong, ultra-lightweight fabric that cushions your iPhone inside a soft, plush environment.

MagSafe Compatibility

Embrace simplicity with wireless charging and compatibility with MagSafe accessories. Our Mujjo case seamlessly integrates with Apple's magnetic technology for accessible and efficient power sharing.
