Mujjo Shield Velore Leather Case for iPhone 16 Pro with MagSafe - Steel blue

Protect your iPhone 16 Pro with the Mujjo Shield Case, combining European Velore leather with Mujjo's proprietary ImpactCore internal bumper. The slim design provides drop protection with a refined leather finish that feels comfortable in your hand.

- Velore leather
- Drop protection up to 5 m
- MIL-STD-810 certification
- Machined metal buttons for responsive control
- Machined metal camera bump for added protection
- Japanese microfibre lining
- Strong built-in magnets
- Recycled materials and sustainably tanned leather

Premium leather
Sustainably tanned in the Netherlands, Velore leather develops a natural patina over time and feels comfortable to hold. The hardware, inner shell and lining contain recycled materials.

Drop protection up to 5 m
Mujjo's ImpactCore internal bumper provides drop protection rated to 5 metres/15 feet in a slim case with MIL-STD-810 certification. The vegetable-tanned leather offers a secure grip.

Machined metal buttons for responsive control
The machined metal side buttons deliver a responsive click and are colour-matched to the steel blue leather for an understated look. The Pro model also features a one-piece volume button and a precisely designed mute button.

Machined metal camera bump for added protection
The machined camera bump, made from recycled aluminium, helps protect the rear camera lenses and adds durability around the camera.

Japanese microfibre lining
Soft, lightweight Japanese microfibre made from recycled fabric lines the case. Its satin-like finish cushions your iPhone 16 Pro and helps protect it from scratches.

MagSafe compatible
Built-in magnets make the Shield Case fully compatible with MagSafe accessories and wireless charging. Enhanced magnetic strength helps keep your phone securely attached to compatible stands and MagSafe chargers.

Package includes
