Mujjo Slim European Leather MagSafe Case for iPhone 16 Pro Max - Black

Mujjo's Leather Case for iPhone 16 Pro Max in Black pairs premium European leather with recycled materials in a minimalist design. It offers durable protection, responsive metal buttons and MagSafe compatibility for everyday use.

- Premium European leather
- Machined metal buttons
- Machined metal camera bump
- Japanese microfibre lining
- MagSafe compatible
- B Corp-certified brand

Premium European leather
Made from northern European hides, the leather is tanned in the Netherlands using the DriTan process, which reduces water waste and chemical use. The durable leather develops a unique patina over time, adding character to your case.

Machined metal buttons
The machined metal side buttons respond with a satisfying click. Dyed to match the black leather, they complement the case's minimalist design. The iPhone 16 Pro Max case includes a mute button and a one-piece volume button.

Machined metal camera bump
A machined recycled aluminium camera bump protects the rear camera lenses and adds durability where leather is more vulnerable to damage. It provides robust protection against bumps and scratches.

Japanese microfibre lining
The interior is lined with premium Japanese microfibre. This thin, lightweight recycled fabric has a soft, satin-like finish and provides padded protection for your iPhone 16 Pro Max.

MagSafe compatible
Built-in magnetic technology supports fast wireless charging and compatibility with all MagSafe accessories while maintaining the case's minimalist appearance.

A focus on sustainability
As a B Corp-certified brand, Mujjo continues to work towards greater sustainability. The case uses recycled materials in its metal buttons, camera bump, microfibre lining and polycarbonate shell beneath the leather.

Package includes

- 1x Mujjo Leather Case for iPhone 16 Pro Max - Black
- 1x User manual
