

Süti NanoLeather PhoneBack for iPhone 17 Pro Max - Raven Black

Suti PhoneBack is designed for anyone who wants the clean feel of an iPhone without the bulk of a traditional case. It adds discreet protection, improved grip and reliable MagSafe performance while keeping the phone slim, light and natural in the hand.

- Ultra-thin protection with a no-case feel
- Strong MagSafe hold with PerfectLock magnets
- No adhesives and easy style changes
- Protects the camera and back of your iPhone
- Premium material options for different preferences

Ultra-thin protection with a no-case feel

Suti PhoneBack keeps your iPhone as close to its original form as possible. With an ultra-thin profile of 2.3 to 4 mm and a lightweight construction of 44 to 54 g, it adds everyday protection without making your phone feel bulky. It slips easily into pockets and feels natural during daily use.

Strong MagSafe hold with PerfectLock magnets

Designed for MagSafe, Suti PhoneBack uses PerfectLock, an advanced neodymium magnet array that provides a strong and reliable connection. It is fully compatible with MagSafe accessories and wireless charging, so you can charge and use your favourite accessories without removing it.

No adhesives and easy style changes

Suti PhoneBack attaches without adhesives, giving you a clean fit with no sticky residue. You can remove it smoothly and swap between styles whenever you want, while keeping the precise fit and secure feel.

Protects the camera and back of your iPhone

The design helps shield the back panel from scratches and adds protection around the camera area. It gives your iPhone extra everyday confidence while preserving the clean look and slim profile Apple designed.

Premium material options for different preferences

Suti PhoneBack is available in carefully selected materials to match different styles and needs. Choose silicone for maximum grip, NanoLeather for a smooth vegan leather feel, NanoSuede for a soft suede-like finish, walnut wood for natural character, clear acrylic polymer for a minimal look, or carbon fiber for the lightest and strongest option.
