Süti NanoSuede PhoneBack for iPhone 17 Pro Max - Sandstone

Suti PhoneBack is made for those who want to keep the natural feel of their iPhone while adding discreet everyday protection. It gives your phone added grip, camera protection and MagSafe compatibility in an ultra-thin design that feels close to using no case at all.

- Ultra-thin no-case feel
- Strong MagSafe hold with PerfectLock
- No adhesives and easy to swap
- Camera and back-panel protection
- Premium material choices

Ultra-thin no-case feel
Suti PhoneBack is designed to preserve the slim profile and natural feel of your iPhone. With a thickness of only 2.3 to 4 mm, it adds protection and grip without the bulk of a traditional case. It feels clean in the hand and slips easily into your pocket.

Strong MagSafe hold with PerfectLock
The integrated PerfectLock magnet system uses an advanced neodymium magnet array for a secure and reliable MagSafe connection. It is fully compatible with MagSafe accessories and wireless charging, so you can charge and use your everyday accessories without removing it.

No adhesives and easy to swap
Suti PhoneBack attaches without adhesives, leaving no residue behind. You can remove it cleanly and change styles whenever you want, making it easy to match your phone to your look or daily use.

Camera and back-panel protection
The design helps protect the camera area and shields the back of your iPhone from scratches. It adds a practical layer of everyday protection while keeping the original shape and feel of the phone intact.

Premium material choices
Choose from a range of refined finishes, each selected for feel, durability and everyday performance. Options include premium liquid silicone, vegan NanoLeather, Italian NanoSuede, natural walnut wood, clear acrylic polymer and lightweight carbon fiber.
