Genuine hand-burnished leather with a unique, premium finish

Each Twelve South Leather Case is crafted from genuine leather and then hand-burnished along the edges and corners. This artisanal finishing process creates a rich, lived-in look right out of the box, much like your favorite pair of burnished leather boots. No two cases are exactly alike, so your iPhone gains a one-of-a-kind character that will continue to develop a beautiful patina over time. The result is a case that looks as at home with jeans and a T-shirt as it does with a tailored suit.

Designed specifically for iPhone 7 Plus and iPhone 8 Plus

This leather case is tailored exclusively for iPhone 7 Plus and iPhone 8 Plus to ensure a precise, secure fit. Carefully positioned cutouts provide easy access to the camera, ports, speakers and buttons, so you can use all of your phone's features without compromise. Slim and form-fitting, it adds style and protection without unnecessary bulk, sliding easily into your pocket or bag.

Soft quilted microfiber interior protects your phone from scratches

Inside the case, a quilted microfiber lining cushions your phone and helps prevent scratches from dust or grit. This soft interior creates a gentle barrier between your iPhone and the hard shell, so the back and sides stay pristine for longer. The quilted texture adds a subtle touch of luxury every time you put your phone in the case.

Protective 5-sided recessed shell helps keep your iPhone looking like new

Beneath the leather exterior, your iPhone sits in a 5-sided recessed shell that wraps around the back and edges of the device. This design helps keep your phone slightly recessed from contact surfaces, reducing everyday wear and tear. The shell adds structure and impact resistance while maintaining a sleek profile, so your iPhone can stay looking fresh even with daily use.

Available with or without external pockets for your cards or cash

Twelve South Leather Case is offered in two styles: with or without external pockets. Choose the pocketed version if you like to carry your essential cards or a bit of cash with your phone for a minimalist, wallet-free setup. Prefer a cleaner, ultra-slim profile? Pick the version without pockets for a more streamlined look. Either way, you get the same premium leather, craftsmanship and smart protection.
