

The Twelve South SurfacePad for iPhone 6/6s Plus is a razor-thin, luxurious leather folio that protects the front and back of your iPhone without adding bulk. Designed as a stylish "leather jacket" for your device, it combines discreet protection, everyday practicality and a built-in hands-free stand in an ultra-light form factor.

- Premium nappa leather protection without bulk
- Ultra-thin, lightweight folio that shields front and back
- Built-in hands-free stand for comfortable viewing
- Convenient interior card slots for everyday essentials
- Tailored fit for iPhone 6/6s Plus in multiple elegant colors

Premium nappa leather protection without bulk

SurfacePad is crafted from buttery soft, high-quality nappa leather that feels warm and secure in your hand. Unlike hard plastic shells or cold aluminum cases, the leather gently conforms to your grip while adding a sophisticated, tailored look. The inside is lined with soft microfiber to help guard your iPhone against scratches, so you get daily protection that looks and feels premium without turning your phone into a brick.

Ultra-thin, lightweight folio that shields front and back

This case is designed to be as slim and light as possible while still covering the most vulnerable areas of your phone. The folio-style cover wraps both the front and back, protecting your screen and the rear housing from contact with keys, coins and everyday wear when in your pocket or bag. Because the profile is razor-thin, your iPhone still slips easily into a pocket or clutch and feels close to its original size and weight.

Built-in hands-free stand for comfortable viewing

Simply fold the back of the SurfacePad and your iPhone 6/6s Plus stands up in a comfortable viewing angle. This integrated stand function is ideal for watching videos, video calls, browsing or reading without having to hold your phone. The stand is designed to be quick and intuitive to set up, so you can switch from in-hand use to hands-free viewing in seconds.

Convenient interior card slots for everyday essentials

Inside the front cover you will find two slim slots for cards. These are perfect for carrying everyday essentials like an ID, travel card or primary bank card, so you can travel lighter when you do not want to bring a full wallet. The card slots are discreetly integrated into the folio design to keep the profile slim while adding practical functionality to your case.

Tailored fit for iPhone 6/6s Plus in multiple elegant colors

SurfacePad is precisely tailored for iPhone 6 and iPhone 6s Plus, ensuring that buttons, ports and the camera remain fully accessible. Its design complements the shape of the larger iPhone while adding grip and protection. Available in Black, Red, White and Camel, it lets you choose a color that matches your style. Note that this version is made specifically for iPhone 6/6s Plus and does not fit iPhone 7 Plus.

Package includes
