

SurfacePad for iPhone 12 Pro Max from Twelve South is the ultra-slim leather folio that protects your iPhone without hiding its beautiful design. Crafted from soft Napa leather, it shields the front and back from everyday scratches while adding built-in card storage and full MagSafe compatibility – all in an elegant, feather-light cover you barely notice is there.

- Ultra-slim leather folio that protects without bulk
- Fully MagSafe compatible, even with cards inside
- Built-in wallet with space for two essential cards
- Minimal everyday protection that slips easily into pockets
- Secure, reusable adhesive that leaves no residue

Ultra-slim leather folio that protects without bulk

SurfacePad is designed for those who want protection without turning their iPhone into a bulky brick. The feather-light, razor-thin cover wraps the front and back of your iPhone 12 Pro Max in luxuriously soft Napa leather, guarding it from scratches, scuffs and everyday wear. Because it adds so little thickness, your iPhone still feels sleek in your hand and slides effortlessly into pockets, purses or bag compartments.

Fully MagSafe compatible, even with cards inside

Unlike many folio covers and wallets, SurfacePad is fully compatible with MagSafe charging and accessories. The unique design keeps your cards stored in the inside front cover, away from the MagSafe connection on the back of your iPhone. That means you can drop your phone onto a MagSafe charger or attach MagSafe accessories without removing the cover or your cards. Your iPhone stays ready to charge, and your cards stay right where you need them.

Built-in wallet with space for two essential cards

SurfacePad turns your iPhone 12 Pro Max into a minimalist wallet for your daily essentials. Inside the front cover you will find two precision-cut card slots, ideal for an ID and a primary payment card. With Apple Pay and other contactless payments available almost everywhere, you can travel lighter by carrying just your phone, your keys and the cards you truly need. Because the cards sit inside the cover, they are protected and less likely to be misplaced.

Minimal everyday protection that slips easily into pockets

This is the cover for people who want just enough protection for everyday life. SurfacePad shields your iPhone from common hazards like keys, coins and rough tabletops, as well as drips and water rings at your favourite cafe. It is not a rugged adventure case, but a refined, minimalist layer for daily use. When you do need heavy-duty protection for a hike or beach trip, you can peel SurfacePad off, use a different case, then reapply SurfacePad when you are back to normal routines.

Secure, reusable adhesive that leaves no residue

SurfacePad attaches to your iPhone 12 Pro Max using Twelve South's SurfaceGrip 2.0, a secure, reusable adhesive that keeps the folio firmly in place while you use your phone. If you do not place it perfectly the first time, simply peel it off and reposition it. Need to swap to another case temporarily? Remove SurfacePad and reapply it later. SurfaceGrip 2.0 is designed to leave no sticky residue on your iPhone, helping keep it in great condition for long-term use or trade-in.

Package includes

- Twelve South SurfacePad for iPhone 12 Pro Max - Cognac
