UAG Glass Shield+ for Samsung Xcover 6/7 Pro (bulk)

Urban Armor Gear premium glass screen protector is built for demanding environments where devices see constant handling, travel, and daily wear. It delivers strong impact protection, a clean touch experience, and reliable fit for Samsung Galaxy S Series phones, with everything you need for a precise application.

- Premium glass with enhanced edge strength
- Superior scratch resistance for everyday wear
- Anti-fingerprint and antimicrobial surface treatment
- Tested for impact protection up to a 1.8 m steel ball drop
- Designed to fit Samsung Galaxy S Series and compatible with UAG cases

Premium glass with enhanced edge strength
Made with premium glass engineered for durability at the edges, where screen protectors are often most vulnerable. The reinforced edge strength helps reduce chipping and improves long-term reliability during daily use.

Superior scratch resistance for everyday wear
Built to handle frequent contact with keys, bags, desk surfaces, and other common sources of abrasion. The enhanced scratch resistance helps keep your display looking clean and clear over time.

Anti-fingerprint and antimicrobial surface treatment
The coating helps reduce fingerprint buildup for a clearer view and smoother feel during swipes and taps. The antimicrobial treatment adds an extra layer of protection for devices that are handled often throughout the day.

Tested for impact protection up to a 1.8 m steel ball drop
Tested to pass a steel ball drop from heights up to 1.8 m, helping protect against the knocks and drops that can happen in fast-paced environments like transportation, logistics, and field work.

Designed to fit Samsung Galaxy S Series and compatible with UAG cases
Designed specifically for Samsung Galaxy S Series phones and made to work alongside UAG cases, so you can combine screen protection with case protection without fit issues.

Package includes

- 1x UAG Glass Shield+ for Samsung Xcover 6/7 Pro
- 1x Cleaning kit
- 1x Applicator

Product specifications
