

UAG Pathfinder Clear with magnet for Pixel 11 - Ice

Urban Armor Gear UAG Pathfinder Clear with magnet for Pixel 11 gives your phone reliable everyday protection while keeping the design visible. The clear co-mold construction combines a durable outer shell with an impact-resistant soft core, built-in magnetic compatibility, reinforced corners and raised edges for confident protection without unnecessary bulk.

- Clear co-mold protection
- Anti-yellowing clear finish
- Built-in magnetic module
- Drop-tested impact defence
- Raised screen and camera protection

Clear co-mold protection

The case combines a translucent armor shell with an impact-resistant soft core to help protect your Pixel 11 from everyday knocks, drops and handling wear. The lightweight construction is designed to feel secure in the hand while keeping your phone easy to carry.

Anti-yellowing clear finish

The clear back is treated with anti-yellowing technology to help maintain its appearance over time. This lets you show off your Pixel 11 while reducing the risk of discoloration from daily use.

Built-in magnetic module

An integrated magnetic module is designed for precise alignment with Pixelsnap, Qi2 wireless charging and compatible magnetic accessories. The case also supports Google Pay, so you can keep it on for everyday payments and charging.

Drop-tested impact defence

Reinforced construction and air-soft corners help absorb and disperse impact if your phone is dropped. The case is independently tested for drop protection up to 3 meters and meets 3X Military Drop Test Standards MIL-SPEC 810G-516.6.

Raised screen and camera protection

Raised edges around the display and camera help reduce direct contact with flat surfaces. This added protection helps defend against scratches and damage during everyday use.

Package includes

- 1 x UAG Pathfinder Clear case with magnet for Pixel 11 - Ice
