

The Satechi Aluminum Headphone Stand is a 2-in-1 device that provides an elegant perch for your headphones and ensures they are always charged up, thanks to its built-in wireless charging pad. Stylish and practical, it also includes a handy hook for cable management and supports charging other devices such as the iPhone 13 and AirPods Pro. With this on your desk, you can easily organize, store, and power your essential gadgets seamlessly.

- Practical Headphone Stand
- Wireless Charging Functionality
- Distinctive Design
- Cable Management Hook
- Supports Various Devices

Practical Headphone Stand

The Satechi Aluminum Headphone Stand is designed to offer a convenient and accessible place to store your headphones when not in use. The padded grips ensure that your headset is protected and secure.

Wireless Charging Functionality

More than just a stand, it features a built-in wireless charging pad, enabling you to power your iPhone 13, AirPods Pro, or any other wireless charging-compatible device effortlessly with a max output of 7.5W.

Distinctive Design

Melding functionality with style, the product showcases a chic stainless-steel arm and space grey aluminium base that will effortlessly complement any desktop setup.

Cable Management Hook

No more untidy desks. The headphone stand has a dedicated hook that provides a clever solution for managing messy cables and keeps your work environment clutter-free.

Supports Various Devices

The versatility of the Satechi Aluminum Headphone Stand shines through as it can support and charge various devices, making it an essential gadget for your workspace.
