Meet the ultra-compact travel charger that does it all. ButterFly SE from Twelve South delivers fast, magnetic Qi2 charging for your iPhone and Apple Watch in a sleek, foldable design that slips into any bag. It doubles as a hands-free viewing stand, looks as good as it performs, and keeps your daily carry light and clutter-free.

- Ultra-compact, foldable design
- Dual Qi2 magnetic chargers for iPhone and Apple Watch
- Soft-touch, non-slip Iridescent finish with color-matched braided cable
- Transforms into a hands-free viewing stand
- Wide compatibility with MagSafe iPhones, all Apple Watch models, and AirPods with wireless charging case

Ultra-compact, foldable design

As compact as a double-stuffed cookie, ButterFly SE is built for travel and everyday carry. It unfolds to reveal two perfectly aligned magnetic charging surfaces, then snaps closed with strong magnets to stay securely folded in your pocket or bag. Pack light, charge right, and keep your workspace tidy wherever you land.

Dual Qi2 magnetic chargers for iPhone and Apple Watch

Charge your two most important Apple devices at once. The Qi2 magnetic pad delivers up to 15 W for compatible iPhones, while the integrated Apple Watch fast charger provides up to 5 W for speedy top-ups. Magnetic alignment locks your devices in place for a reliable, no-fuss charge every time. Just add any 20 W or higher USB-C power adapter.

Soft-touch, non-slip Iridescent finish with color-matched braided cable

A premium soft-touch surface keeps your devices stable and scuff-free, while the eye-catching Iridescent finish elevates any setup. The included color-matched braided USB-C cable looks great, resists tangles, and stands up to life on the go.

Transforms into a hands-free viewing stand

ButterFly SE isn't just a charger—flip it open to create a convenient viewing stand for streaming, FaceTime, and StandBy Mode. The Apple Watch charger tilts up to enable Nightstand Mode, turning your watch into a bedside clock while it powers up.

Wide compatibility with MagSafe iPhones, all Apple Watch models, and AirPods with wireless charging case

From iPhone 12 and newer to every Apple Watch series and AirPods with a wireless charging case, ButterFly SE has you covered. Drop your AirPods on the Qi2 pad, snap your iPhone into place, and let both charge together with effortless magnetic alignment.
