

Effortlessly charge and store up to 10 devices simultaneously with the ALOGIC USB-C Desktop Charging Station. Tailored for shared spaces like offices, schools, and homes, this device blends advanced technology with user-friendly design to ensure your phones, tablets, and PDAs remain powered and organized, all while minimizing clutter.

- Charge and Store
- Universal Compatibility
- Smart and Safe Charging
- High Efficiency
- Perfect for Shared Environments

Charge and Store

The ALOGIC USB-C Desktop Charging Station is designed to accommodate and charge up to 10 devices at once. Each slot is crafted to fit devices and cases up to 16mm thick, offering a sleek and organized solution for managing multiple gadgets seamlessly.

Universal Compatibility

This versatile charging hub supports a diverse range of major brands, including Apple and Android devices. It allows all your electronics to be conveniently charged in a central location, eliminating the need for numerous chargers and the resulting cable chaos.

Smart and Safe Charging

Equipped with an intelligent charging chipset, each port of the station automatically detects connected devices to deliver optimized charging currents for the fastest charge times. Built-in safety mechanisms protect your devices from potential damage due to short circuits and over current.

High Efficiency

Each port delivers up to 20W of power, with a total output of 100W across all devices. Power Factor Correction technology enhances charging efficiency, ideal for environments where devices are frequently recharged.

Perfect for Shared Environments

With its robust design and universal port options, the ALOGIC USB-C Desktop Charging Station is an ideal charging solution for homes, offices, schools, and hospitals. Its adaptability ensures it meets the demands of every setting with ease.

Package includes

- 1x SB-DCS10C 10 Port USB Desktop Charging Station - Grey/white
- 4x Power Cables (for use in AU/NZ, EU, UK, US)
- 1x User Manual

Product specifications

- Colour: Grey/White
- Input: 110 – 240V AC
- Output: 10x USB-C PD 3.0 5-9V outputs
- Power: Total maximum output: 100W
Each pair of ports (1+2, 3+4, 5+6, 7+8, 9+10) feature paired operation. Each port supports up to 20W output when used individually, or 20W shared output when used together. Includes Power Factor Correction technology for increased efficiency.
- Device Compatibility: Compatible with phone, PDA and tablets that support charging via USB and Lightning requiring up to 20W of power.
Device charging slots support devices and cases up to 16mm in thickness.
Requires a suitable cable to connect the charging station to the charging connector on each device (USB-C to USB-C, USB-A, Lightning, Mini/Micro USB, etc cables not included – sold separately).
- Material: Impact resistant ABS construction
- Dimensions: 240 x 128 x 85 mm (L x D x H)
- Weight: 575g
- Warranty: 2 Years
