SATECHI

Satechi OntheGo™ 2-in-1 Wireless Charger - Desert pink

Stay powered wherever life takes you with the sleek Satechi OntheGo 2-in-1 Wireless Charger. This innovative charging solution combines cutting-edge Qi2 technology with portable design, delivering 15W fast charging for your iPhone and 5W for your Apple Watch in one sophisticated device. Its premium black finish and foldable design make it the perfect companion for travelers, professionals, and tech enthusiasts seeking both style and functionality.

- Two-in-One Charging Solution
- Latest Qi2 Technology with 15W Power
- Foldable, Travel-Friendly Design
- Multiple Charging Positions
- Premium Materials

Two-in-One Charging Solution
Eliminate charging clutter with a single, elegant device that powers both your iPhone and Apple Watch simultaneously. The versatile OntheGo™ 2-in-1 Wireless Charger serves as your complete charging station, reducing cable mess and saving valuable space at home, in the office, or while traveling. Its thoughtful design supports all your essential Apple devices in one compact footprint.

Latest Qi2 Technology with 15W Power
Experience superior charging performance with cutting-edge Qi2 technology. The OntheGo™ 2-in-1 Wireless Charger delivers an impressive 15W of power to your iPhone—double the speed of standard Qi chargers—and 5W to your Apple Watch for fast, efficient charging. Powerful integrated magnets ensure precise alignment with your devices, maximizing charging efficiency and maintaining a secure connection.

Foldable, Travel-Friendly Design
Take your charging solution anywhere with the OntheGo™ ingeniously foldable design. Its slim, circular shape collapses to a compact form that fits easily in pockets, bags, or carry-ons. Crafted with durability in mind, the charger features soft, scratch-resistant premium material accents that protect both the charger and your devices while maintaining a sophisticated appearance that complements your tech accessories.

Multiple Charging Positions
Adapt to any environment with flexible charging positions that suit your needs. Position your iPhone in landscape mode for watching videos, StandBy mode for a personalized display, or flat mode for simple charging. Your Apple Watch can rest in flat position or Nightstand mode, transforming the charger into a convenient bedside clock. This versatility ensures comfortable use in any setting, from office desks to hotel nightstands.

Premium Materials
The durable construction ensures long-lasting performance.
