Twelve South ButterFly SE - Iridescent

ButterFly SE from Twelve South combines magnetic Qi2 charging for your iPhone with an Apple Watch fast charger in a compact, foldable design. Easy to pack for travel or everyday use, it also doubles as a hands-free viewing stand.

- Ultra-compact, foldable design
- Qi2 magnetic charging for iPhone and an integrated Apple Watch fast charger
- Soft-touch, non-slip Iridescent finish with colour-matched braided cable
- Folds into a hands-free viewing stand
- Compatible with MagSafe iPhones, all Apple Watch models and AirPods with a wireless charging case

Ultra-compact, foldable design
Designed for travel and everyday use, ButterFly SE unfolds to reveal two magnetic charging surfaces. Strong magnets hold it securely closed in your pocket or bag, keeping your charging setup compact and easy to carry.

Qi2 magnetic charging for iPhone and an integrated Apple Watch fast charger
Charge your iPhone and Apple Watch at the same time. The Qi2 magnetic pad delivers up to 15 W for compatible iPhones, while the integrated Apple Watch fast charger provides up to 5 W. Magnetic alignment helps position your devices for charging. Requires a 20 W or higher USB-C power adapter, sold separately.

Soft-touch, non-slip Iridescent finish with colour-matched braided cable
The soft-touch, non-slip surface helps keep your devices stable and protects against scuffs. The Iridescent finish is complemented by an included colour-matched braided USB-C cable, designed to resist tangles and withstand everyday use.

Folds into a hands-free viewing stand
Unfold ButterFly SE to use it as a hands-free stand for streaming, FaceTime and StandBy Mode. The Apple Watch charger tilts up to support Nightstand Mode, so you can use your watch as a bedside clock while it charges.

Compatible with MagSafe iPhones, all Apple Watch models and AirPods with a wireless charging case
ButterFly SE supports iPhone 12 and newer models with MagSafe, all Apple Watch models and AirPods with a wireless charging case. Use the Qi2 pad to charge your iPhone or compatible AirPods, alongside your Apple Watch on its dedicated charger.
