- Ergonomic non-slip grip for steady shots
- Multi-functional design with built-in selfie stick
- Removable Bluetooth shutter release
- Compatible with most iOS and Android smartphones
- Versatile mounting options with tripod screw and cold shoe

Ergonomic Non-Slip Grip

Say goodbye to shaky photos and videos. The Shutter Grip 2 features an ergonomic non-slip grip that provides excellent stability for your smartphone. Whether you're capturing street scenes or filming your next vlog, you'll enjoy professional-level steadiness in every shot.

Multi-Functional Design

Versatility is at the heart of the Shutter Grip 2. Use it as a camera grip, video handle, or stand for your smartphone. The built-in selfie stick allows you to capture the perfect self-portraits or group shots with ease. With multi-directional rotation, you can shoot at tricky angles in both portrait and landscape modes.

Removable Bluetooth Shutter Release

Take control of your photography with the detachable Bluetooth remote. This feature allows you to capture shots even when you're not holding your phone, perfect for group photos or creative self-portraits. The auto-connection and auto power-off functions ensure convenience and extended battery life.

Smartphone Compatibility

The Shutter Grip 2 is designed to work with a wide range of devices. It's compatible with most iOS and Android smartphones, including the latest models from Apple iPhone and Samsung Galaxy series. The tensioned grip securely holds your phone with or without a case.

Versatile Mounting Options

Expand your creative possibilities with the integrated cold shoe and standard tripod screw. These features allow you to attach additional accessories like lights or microphones, or mount your setup on a tripod for stable, hands-free shooting.
