Shimmering crystal-clear glitter finish
Stand out with a transparent case that keeps your iPhone 14 Pro's original color on display, enhanced by subtle, crystal-like glitter. It's a refined sparkle that adds personality without hiding your phone's design.

TENC technology for real protection
Engineered with Just Mobile's TENC technology, this case is built to protect in real-life scenarios. The structure helps absorb and disperse impact forces, offering dependable defense against daily knocks and minor drops.

Slim profile with air-cushioned frame
Enjoy protection without the bulk. The slim build includes integrated air cushions around the frame to bolster drop resistance, so your phone stays sleek in your hand and pocket while gaining extra shock absorption.

MagSafe and wireless charging compatible
Snap on MagSafe accessories with confidence. The case is fully compatible with MagSafe and supports wireless charging, so you can power up and accessorize without removing the case.

Raised camera ring and covered buttons
A subtly raised bezel around the camera helps shield your lenses from scratches on flat surfaces. Covered buttons with precise cutouts preserve a crisp, tactile click for comfortable, accurate control.
