Just Mobile TENC Silicone Case for iPhone 14 (also fits iPhone 13 base model) - Pink

Give your iPhone everyday elegance and real protection. This slim, grip-friendly silicone case wraps your phone in four layered safeguards, cushions it with a soft microfiber lining, and keeps every tap and swipe effortless. Fully compatible with MagSafe and wireless charging, it's the only case you need for style, comfort, and confidence.

- TENC technology that protects for real
- Four-layer protection and comfort
- Slim, grip-friendly design
- Fully compatible with MagSafe and wireless charging
- Raised edges for screen and camera protection

TENC technology that protects for real
Engineered by Just Mobile, TENC technology delivers dependable, everyday protection without bulk. It combines carefully selected materials and smart geometry to absorb shocks and resist wear, so your iPhone stays safe from bumps, scratches, and scrapes.

Four-layer protection and comfort
A soft microfiber interior cushions the back of your phone, a protective hard PCP layer adds structure, and super-soft silicone is topped with a firmer, grip-friendly silicone exterior. Together, these four layers create a comfortable in-hand feel while shielding your device from daily hazards.

Slim, grip-friendly design
Designed to be thin and stylish, the case slips easily into pockets while giving you a confident, non-slip hold. Covered buttons feature deep cutouts to preserve the satisfying click feel, and precise openings keep every function accessible.

Fully compatible with MagSafe and wireless charging
The case works seamlessly with MagSafe chargers and accessories, as well as other Qi wireless chargers. Snap on your charger or wallet and power up without removing the case.

Raised edges for screen and camera protection
An extra 1 millimetre raised lip around the display and camera keeps the most sensitive parts of your phone safely lifted from flat surfaces, reducing the risk of scratches and cracks.

Package includes
