Just Mobile TENC Slim for iPhone 14 Pro Max - Clear

Just Mobile TENC is a slim, protective shell designed to keep your iPhone looking like an iPhone, while adding everyday protection and full MagSafe compatibility. With a 0.6 mm profile, precise button coverage, and added camera-lens protection, it’s built for a secure fit without added bulk.

- TENC technology for reliable protection
- Super slim 0.6 mm design
- Clear finish that preserves the original look
- Compatible with MagSafe and wireless charging
- Raised camera frame and precise covered buttons

TENC technology for reliable protection
Ready is built with Just Mobile’s TENC material technology to provide dependable, day-to-day protection against the bumps and contact that happen in regular use, without turning the case into something bulky or stiff.

Super slim 0.6 mm design
At just 0.6 mm thin, the case fits tightly around your iPhone and stays low-profile in your hand and pocket. It’s made to feel minimal, while still covering the areas that typically get exposed to wear.

Clear finish that preserves the original look
The case is designed to keep the original design of your iPhone visible. It comes in a transparent look, giving you protection without hiding the phone’s finish.

Compatible with MagSafe and wireless charging
Ready supports MagSafe, so it works with MagSafe chargers and accessories. It’s also designed to remain compatible with wireless charging, so you can charge without removing the case.

Raised camera frame and precise covered buttons
A raised frame around the camera helps protect the lenses when you place your phone down. The buttons are covered for protection while keeping a responsive click feel, and the case has deep cutouts for easy access where needed.

Package includes

- Just Mobile Ready protective case with MagSafe support
