

Just Mobile Xkin 3D Tempered Glass for iPhone 15 Plus - Black

Protect and elevate your iPhone experience with a super-thin, super-tough screen protector that keeps your display pristine without adding bulk. Xkin 3D combines HD clarity with 9H hardness, an oil and water resistant coating, and precision engineering for an effortless, bubble-free fit.

- HD clarity tempered glass with 9H hardness
- Oil, water, and fingerprint resistant coating
- Precision laser-cut alignment for sensors
- Ultra-thin design with smoothly rounded edges
- Easy, bubble-free installation

HD clarity tempered glass with 9H hardness

See every detail as intended while your screen stays protected from scratches and everyday wear. The 9H hardness rating delivers tough defense against keys, coins, and minor bumps, so your display remains crisp and clear over time.

Oil, water, and fingerprint resistant coating

An advanced coating repels smudges, oils, and moisture to keep your screen looking clean with minimal wiping. Enjoy a smooth, responsive surface that resists buildup and maintains a like-new feel.

Precision laser-cut alignment for sensors

Engineered with exact cutouts, Xkin 3D preserves full functionality of your iPhone's front sensors and camera. Alignment is simple and accurate, ensuring reliable performance for Face ID and other features.

Ultra-thin design with smoothly rounded edges

Maintain the elegant look and feel of your iPhone 15 Plus. The ultra-thin glass adds protection without bulk, while rounded edges enhance comfort and help prevent edge chipping or lifting.

Easy, bubble-free installation

Apply in minutes with a self-adhesive back that bonds securely and cleanly. Align, press, and you're done—no fuss, no bubbles, just a seamless fit that stays put.

Package includes
