

Carry your iPhone 14 Pro Max and your essential cards in one sleek, protective case. Mujjo's Full Leather Wallet Case combines refined Ecco leather, intelligent protection, and a slim profile to turn your phone into an elegant everyday wallet that looks better the more you use it.

- Turns your iPhone into your everyday wallet
- Premium Ecco leather that ages beautifully
- Super-slim profile that feels secure in your hand
- Enhanced protection for screen and camera
- Luxurious Japanese microfibre lining on the inside

Turns your iPhone into your everyday wallet

Leave your bulky wallet at home. The integrated leather card pocket on the back holds 2 to 3 of your most-used bank, ID, or travel cards, keeping everything essential in one place. The snug fit keeps cards secure while still making them easy to access when you need them. It is a minimalist, functional way to streamline what you carry every day.

Premium Ecco leather that ages beautifully

Crafted from vegetable-tanned Ecco leather from the Netherlands, this case is designed to look and feel more luxurious over time. The leather develops a rich patina with daily use, becoming uniquely yours. Rated Gold by the Leather Working Group for environmental standards, it balances premium aesthetics with responsible production.

Super-slim profile that feels secure in your hand

The case closely follows the contours of the iPhone 14 Pro Max for a clean, understated silhouette. Fully wrapped in leather, it adds grip without adding bulk, making the phone feel secure and comfortable in your hand or pocket. The finished edges and precise fit reinforce the minimalist, design-focused look.

Enhanced protection for screen and camera

Protection is built into every detail. A raised leather bezel of about 1 mm around the front edges helps keep the screen away from abrasive surfaces when placed face-down. Around the rear camera, a carefully raised bump shields the protruding lenses from scratches and direct impact. The base of the device is neatly covered too, providing extra protection while keeping the speakers and charging port unobstructed.

Luxurious Japanese microfibre lining on the inside

Inside, your iPhone 14 Pro Max rests against a premium Japanese microfibre lining. This satin-like material feels soft yet is super-strong and exceptionally lightweight. It cushions the back of your phone, helping to prevent micro-scratches and adding a subtle layer of comfort and refinement every time you put your device in the case.
