Mujjo Leather Case for iPhone 16 Pro Max - Tan

Mujjo's Leather Case for iPhone 16 Pro Max in Tan combines premium European leather with durable construction and a minimalist design. Made with recycled materials, it offers everyday protection, responsive metal buttons and MagSafe compatibility.

- Premium European leather
- Machined metal buttons
- Machined metal camera bump
- Japanese microfibre lining
- MagSafe compatible
- B Corp certification

Premium European leather
Crafted from northern European hides, the leather is tanned in the Netherlands using the DriTan process, which reduces water waste and chemical use. Durable and responsibly produced, it develops a unique patina over time, adding individual character to your case.

Machined metal buttons
The machined metal side buttons deliver responsive feedback and a satisfying click. Dyed to match the Tan leather, they complement the case's minimalist design. The iPhone 16 Pro Max case includes a mute button and a one-piece volume button.

Machined metal camera bump
A machined recycled aluminium camera bump protects the rear camera lenses and adds durability. Aluminium provides robust protection against bumps and scratches, which can damage leather.

Japanese microfibre lining
The interior is lined with premium Japanese microfibre. This slim, soft and lightweight recycled fabric has a satin-like finish, providing padded comfort and protection for your iPhone 16 Pro Max.

MagSafe compatible
Built-in magnetic technology supports fast wireless charging and compatibility with all MagSafe accessories.

A focus on sustainability
Mujjo is B Corp certified and continues to seek ways to improve sustainability. The case uses recycled materials in its metal buttons, camera bump, microfibre lining and the polycarbonate shell beneath the leather.
