Carry your essential cards with your iPhone
The case holds 2 to 3 bank, ID or travel cards, keeping everyday essentials together and reducing the need for a separate wallet.

Durable machined metal camera bump
The machined camera bump is made from recycled aluminium to help protect your iPhone's rear camera lenses and improve the case's durability.

Premium leather that develops a distinctive patina
Sustainably tanned in the Netherlands, Velore leather has a rich, luxurious feel. Over time, it develops a distinctive patina that gives each case individual character.

Soft Japanese microfibre lining
A slim, lightweight Japanese microfibre lining cushions your iPhone inside the case. Made from recycled material, the soft fabric has a satin-like finish and adds a layer of protection.

Enhanced MagSafe magnets
Built-in magnets provide a secure connection to MagSafe accessories, including desktop stands and car mounts. The case supports MagSafe wireless charging and lets you position your phone in landscape orientation on a compatible stand.
