

Pela Clear Case for iPhone 13 Pro Max - Green

Designed for the eco-conscious tech lover, the Pela Clear case for iPhone 13 Pro Max offers superior protection for your device and the planet. This innovative case is made from 100% compostable materials, ensuring that you can protect your phone without contributing to plastic pollution.

- Protects & Preserves Our Oceans
- Biodegradable & Eco-Friendly
- Screen Protection Guarantee
- How it Feels - signature Flaxstic® bumper

Case Design

Pela donates a percentage of every sale to Ocean Cleanup and Preservation Initiatives. By choosing a Pela case, you are directly contributing to efforts that reduce plastic in our oceans, helping to maintain a clean and healthy marine environment.

Biodegradable & Eco-Friendly

The Pela Clear case is crafted from Flax shive and plant-based biopolymer, making it 100% compostable. Unlike conventional plastics that linger in landfills for hundreds of years, this innovative material breaks down naturally, offering a truly eco-friendly alternative.

Screen Protection Guarantee

We stand by the durability of our products. If your screen cracks while your phone is protected by a Pela Case (excluding Slim) and our liquid screen protector, we will cover the repair costs. This guarantee ensures that your investment in sustainability doesn't compromise the safety of your device.

How it Feels

The Pela Clear case merges a rigid, transparent back with our signature Flaxstic® bumper for a soft, slightly grippy feel. This fusion of materials provides a comfortable and secure hold, ensuring that your phone is both protected and pleasant to handle.

Case Design

Meticulously crafted to safeguard your phone from drops and scratches, the Pela Clear case features precision cuts around speakers, charger, volume, and power buttons. The wrap-around edges protect the front of your phone without adding unnecessary bulk, maintaining a smooth, sleek appearance.

Package includes

Protects & Preserves Our Oceans
